MITIGATION

Disasters and calamities cannot be prevented from happening but damages done can be reduced. LifeHub's training programs for organisations are designed to equip you with the skills you need when disasters strike.

Be safe with LIFEHUB'S Basic Life Support & Training and Professional Search & Rescue + EMT Training. Our trainers are professionals from the Philippine Air Force Search & Rescue Auxiliary, and these trainings can reduce the number of casualties and save lives whenever disasters, calamities or any accident strike.

PREPAREDNESS

A full-page background image showing two firefighters in silver heat-reflective suits and red helmets. The firefighter on the left has the number 12 on their helmet, and the one on the right has 28. They are both facing a massive, intense fire that fills the right side of the frame. The firefighter on the right is holding a black hose and spraying a powerful stream of water towards the base of the flames. The fire is bright orange and yellow, with thick black smoke rising from it. The scene is dramatic and emphasizes the danger of fire.

Calamities and disasters are not a matter of **IF**, it's a matter of **WHEN**, and the best thing that we can do is prepare.

Be safe with LIFEKIT, the best emergency preparedness kit in the market designed by experts to be efficient and effective especially during emergencies and disasters. LifeKit is trusted by both international and local corporations, and organizations.

FULL KIT A

To be used in
"Trapped Indoor"
Earthquake situations

typhoons, storm
surges and
flashfloods

PRODUCTS DEVELOPED WITH THE GUIDANCE OF EXPERTS.

“Most national and international medical teams arrive too late to save the majority of lives lost.”

Dr. Mark Keim, a leading world authority on disaster preparation, management and prevention.

Our team is guided by EMR Respondents & Honoree Award Instructors and Members of the Elite Force of Philippines Air Force Reserve's 505th Search & Rescue Auxiliary.

RESPONSE

A successful disaster/rescue response only happens if the responder is fast and well- equipped. LifeHub products equip you with the necessary tools you need to respond efficiently and effectively such as small and big emergency boats.

Be safe and respond fast with LIFEHUB'S emergency boats and significantly increase the chances of a successful rescue response. Specifications can be modified according to client's preferences, needs and geographic location.

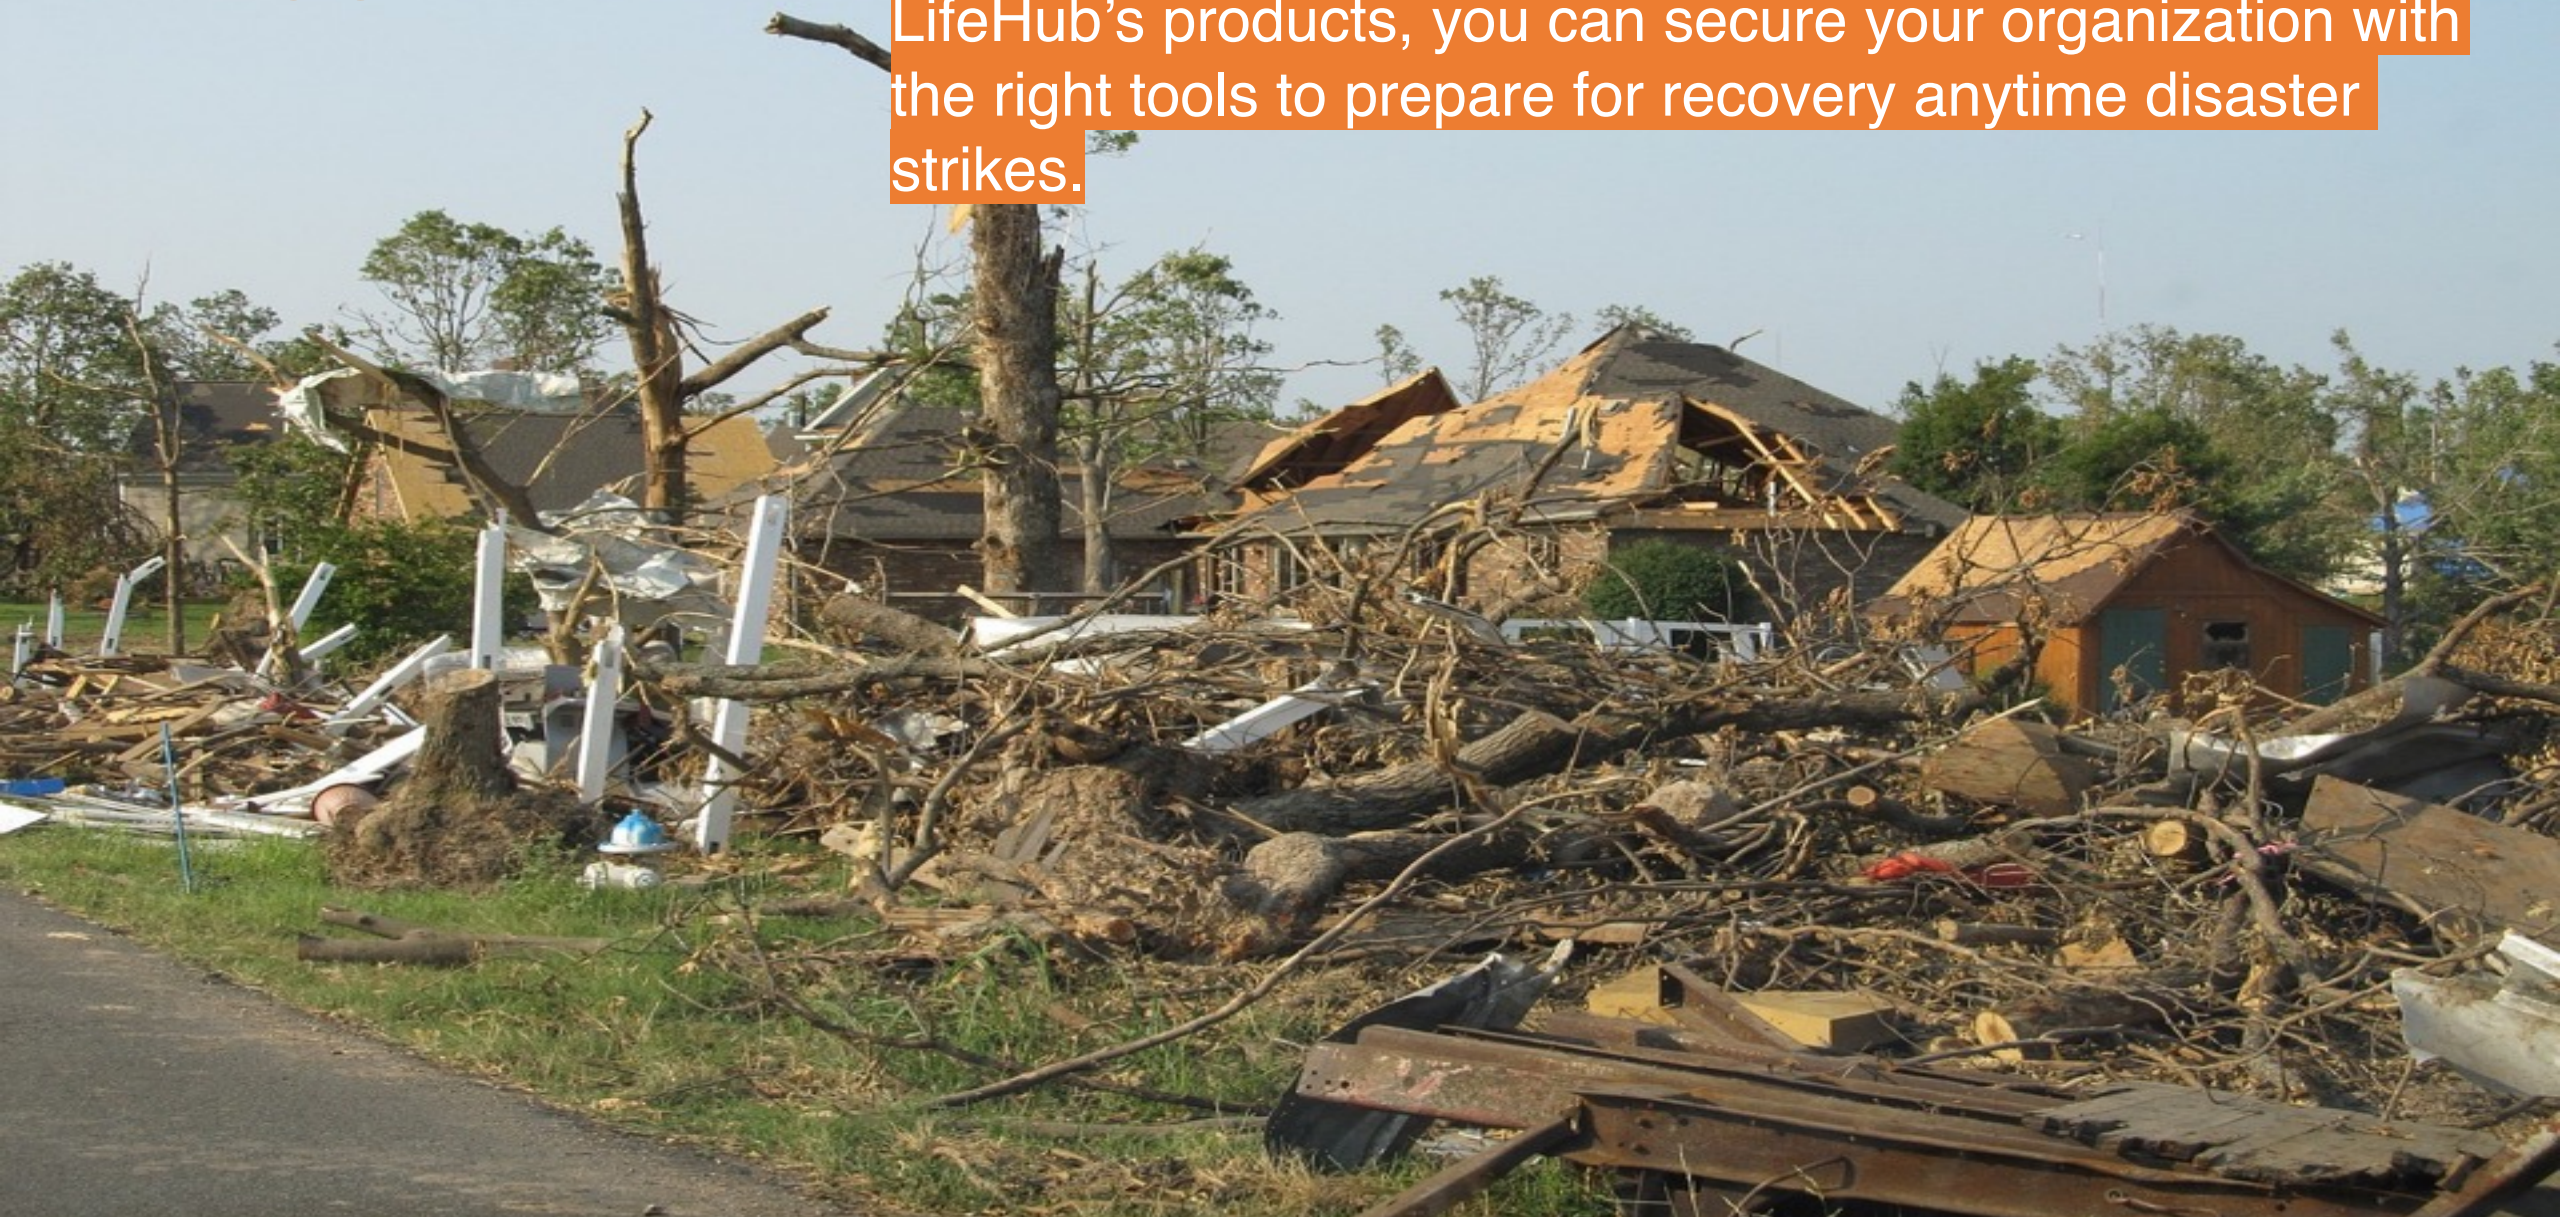

ORIENT CRAFT 850 (DIVE & RESCUE BOAT)

ORIENT CRAFT 884 (AMBULANCE BOAT)

RECOVERY

On an average, over 20 Million people lose their homes and livelihood annually due to natural disasters. With LifeHub's products, you can secure your organization with the right tools to prepare for recovery anytime disaster strikes.

Be safe with LifeHub's LifeTent and FRP portable cabins securing the safety and comfort of families especially for those whose homes have greatly suffered from the passing disaster. LifeHub also offers a disaster related software with modules that can be easily accessed and used. This is best utilized for rehabilitating and equipping the victims of natural disasters with new sets of skills that would help them reestablish their livelihood.

FRP PORTABLE CABINS or Pre-Fabricated cabins are used for different industrial as well as commercial purposes. These pre fabricated cabins are lightweight, strong and flexible, weather proof, UV resistant, chemical Resistant, fire retardant, no rust, stackable and anti-algae/low maintenance.

weatherHYDE

AN ALL WEATHER LIFE-SAVING TENT

LIFETENT by WeatherHyde is a versatile, easy to set-up weather tent that can retain heat (During cold weathers) and reflect sunlight (During hot weathers). It is durable, comfortable, waterproof, fire retardant and have won several awards internationally. It is the perfect temporary home for families whose homes are currently inhabitable or completely destroyed. It also makes a pretty neat camping tent!
